

Our BLT

A Celebration

Ann Morgan

How long have you been involved with BLT?

Member since Jan 2012 .

How did you find out about BLT in the first place?

I was looking for a local theatre to join with my daughter and decided on BLT. I loved it (my daughter not to the same extent, although she comes to see plays)
Came to see 'After the Dance' in Jan 2012, got talking and offered to help in the future.

What do you remember about your first visit?

Helped with Front of House for the first couple of years, then costumes, acting and helping backstage.

What kind of activities are you involved in or have been involved in at BLT?

Really enjoy being involved in the plays, especially the fun of being part of a team in putting on a play and seeing the play evolve during rehearsals and on to stage.

Have you had any highlights during your time with BLT that you would like to share?

I miss the general camaraderie of everyone at the BLT.

What are you missing most about BLT at the moment – if anything?

Hoping we shall be back to the theatre soon, though accept it will be different and a challenge. At least we are keeping involved online at the moment!
